the new speculum

# The innovative disposable speculum

## Preferred by doctors

- ✓ smooth **single-handed operation** and locking
- ✓ front handle design angled backwards providing **greater freedom of movement**
- ✓ **hands free** after placement
- ✓ inwardly folded edges **facilitate optimal Cervix orientation**
- ✓ **no preheating** required
- ✓ **virtually unbreakable** plastic
- ✓ excellent product strength through **optimised design**
- ✓ up to **50% cost reduction**

## Loved by patients

- ✓ **"smooth" rounded edges** ensuring patient comfort
- ✓ gap design **prevents "pinching"**
- ✓ single use - **guaranteed clean**
- ✓ patient **temperature friendly**
- ✓ **clinical** white look

## Why white

Research by leading women's health specialists has demonstrated specific advantages.

- ✓ **Misdiagnosis reduced** - (Diagnosing through a 'clear' Speculum regularly leads to a distorted view due to local tissue depression and discolouration.)
- ✓ White surface design vastly **improves light reflection and visibility**
- ✓ Patients perceive white as **high quality, hygienic** and **friendly**

Orchid Spec 'clear' provides advantages in situations such as inspecting sutures or bleeding.
