Orchid Spec
the new speculum

Faster
Friendlier
Smoother
Stronger
Safer

Listed as **Advanced Speculum**
on National Health Service
frameworks UK (NHS)

Preferred by doctors

- smooth **single-handed operation** and locking
- front handle design angled backwards providing **greater freedom of movement** & **greater range of access**
- **hands free** after placement
- inwardly folded edges **facilitate optimal Cervix orientation**
- **no preheating** required
- **unbreakable** plastic
- excellent product strength through **optimised design**
- up to **50% cost reduction**

Preferred by patients

- **smooth rounded edges** ensuring patient comfort
- gap design **prevents "pinching"**
- single use - **guaranteed clean**
- patient **temperature friendly**
- **clinical** white look

Why white

Research by leading women's health specialists has demonstrated specific advantages.

Misdiagnosis reduced - (Diagnosing through a 'clear' Speculum regularly leads to a distorted view due to local tissue depression and discolouration.)

White surface design vastly **improves light reflection and visibility**
Patients perceive white as **high quality, hygienic** and **friendly**

Orchid Spec 'clear' provides advantages in situations such as inspecting sutures or bleeding.

Standard edition - patient friendly sizes

Available in Clean White & Cristal Clear plastic
